(1990-2011) TMI Focus
HEMI-LYNC Compilations

Hemi-Lync: Making Global Connections was a bulletin board that appeared regularly in the TMI Focus from 1992-2007. It was designed to connect readers with people, events, and publications around the world that had something to share about Hemi-Sync and The Monroe Institute.

Special Projects (1999-3)

Institute Board of Advisors and Professional Members Ronald and Jill Russell also serve on the board of the nonprofit Santa Fe Forum and are deeply involved in “Healing the Spaces at the Santa Fe Indian Hospital.” This project is transforming the austere federal facility into a nurturing environment reflective of the Native American people it serves. After learning about the Russells' connection with TMI, the doctor in charge of maternity and child health decided to make Hemi-Sync tapes available to the hospital's midwives.
